Cleaning & Maintaining *Interstyle* Glass Tile Products.

Cleaning – for routine cleaning, use any non-abrasive cleaning compound recommended for either glass or tile (such as ammonia and water, etc.). Follow rinsing instructions carefully. A grout sealer may be used to facilitate clean up of cooking oils on frosted and textured glass. Do not use cleaners that are colored or contain dyes, as these may cause discoloration of the grout.

Warranty;

Interstyle warrants its glass tile products to be free from manufacturing defects for the life of the product, subject to the following qualifications.

Variations of color, shade and size are inherent with all burnt clay or glass materials. No claims with respect to color or shade variation will be accepted after installation. The buyer is responsible for the inspection and acceptance of our materials before they leave our warehouse

Installation materials and conditions may have a significant affect upon the performance of a glass tile installation, therefore finished installations are not warranted by *Interstyle*. Methods of installation are beyond our control and we do not accept responsibility for chipping, crazing, spalling, etching, cracking, discoloration or loosening from the setting bed. If our products are regarded as unsatisfactory for any reason, we must be notified before installation. No allowance will be made for labor, costs of replacement, or for any other charges after the materials have been installed.

Since the use of our products is beyond our control, *Interstyle* does not expressly or implicitly warrant that our products are suitable for the use intended by the user. Our products are furnished upon the condition that the user will determine the suitability of our products for the intended use and that the user assumes all risks whatsoever that may arise as a result of the use of our products. *Interstyle* shall not be liable for any injury, loss or damage, whether direct or indirect, or arising in any way whatsoever, as a result of the use of our products or the unsuitability of our products for the intended use of the user.
